NOMENCLATURE CO-ORDINATOR ASKS FOR HELP

A list of over 100 varieties were picked to be included in a new supplement to the Nomenclature list to be published soon. Mrs. Wylie has asked that the members help in obtaining correct descriptions of all these varieties. If you are growing any of the plants listed please drop her a note for instructions and forms for describing them. You will find her address on the inside front cover of this issue.

Some on the original list have already been taken so the list here are the ones that are needed badly. Please help.
